

**REPORT OF POST-ELECTION AUDIT
CITY OF ASPEN REGULAR MUNICIPAL ELECTION
MAY 3, 2011**

1. The current members of the City of Aspen Election Commission are Ward Hauenstein, Bob Leatherman, and City Clerk Kathryn Koch, who serves as the chairperson of the Election Commission. (City of Aspen Home Rule Charter § 2.4)
2. The City of Aspen held its regular municipal election on Tuesday, May 3, 2011. On Election Day, a total of 1,780 ballots were cast and tabulated. (See Exhibit A, Statement of Votes Cast, generated 05/03/2011 at 8:32:57 p.m.)
3. According to the City of Aspen Election Rules adopted by the Election Commission on April 15, 2011 pursuant to rule-making authority granted by the Aspen City Council in Ordinance No. 2, Series of 2011, all electors who submitted absentee ballots for which a signature discrepancy was identified by panels of election judges, and electors who submitted provisional ballots at polling places because they did not present an acceptable form of identification or other problem with their voter registration record, were required to cure their ballots by the regular close of business of the Clerk's office on the second calendar day after the election. The Clerk convened two bipartisan panels of election judges to process all timely cured ballots at 5:00 p.m. on May 5, 2011, immediately after the expiration of the ballot cure deadline. The panels of election judges determined that a total of fourteen absentee and provisional ballots had been timely cured or should otherwise be counted. Due to the limited number of cured ballots, and in order to ensure ballot anonymity, all cured ballots originally cast on a ballot style other than Precinct 1 were duplicated onto Precinct 1 absentee ballot stock by one of the bipartisan panels of election judges. The fidelity of the ballot duplications was then confirmed by the other bipartisan panel of judges. The cured ballots were then counted on a back-up optical scan voting device (serial no. 86343), that was programmed for the election and underwent the Hardware Diagnostic and Logic and Accuracy testing required by the Election Rules. The results of these final fourteen ballots were then uploaded to the tabulation computer, and a Statement of Votes Cast was generated. The May 5th Statement of Votes Cast reflects that a total of 1,794 ballots were cast in the election, consisting of the 1,780

ballots counted on Election Day, and the 14 ballots counted during the evening of May 5, 2011 after the expiration of the ballot cure deadline. (See Exhibit B, Statement of Votes Cast, generated 05/05/2011 at 6:19:23 p.m.)

4. On May 6, 2011, the Election Commission convened in public session “in order to select the contest(s) and audit unit(s) to be manually counted in, and to schedule the date, time and place of, the post-election audit.” (Election Rule 8.04.01). After considering the comments and suggestions of election staff and members of the public, the Election Commission scheduled the post-election audit for Tuesday, May 10, 2011 at 12:00 noon in the City Council chambers. In addition, the Election Commission decided to audit the mayoral contest by manually counting the absentee ballots of one precinct and the polling place ballots of one precinct. Ruth Kruger, a mayoral candidate who attended the May 6th meeting of the Election Commission, was invited to roll a die in order to randomly select the precincts to be audited for each method of voting. The rolls of the die resulted in the selection of Precinct 3 for both absentee and polling place ballots. The polling place ballots were segregated by precinct after the polls closed by polling place election judges, and were placed in sealed transfer cases when delivered to the Receiving Board on Election Night. (See Exhibit C, City of Aspen Statement of Ballots for Precinct 3). All Precinct 3 absentee ballots were commingled with absentee ballots of other precincts after they were counted on the main absentee ballot optical scan machine. Therefore, members of the Election Commission and election staff unsealed the transfer cases containing these ballots, identified and segregated the Precinct 3 absentee ballots, and re-sealed all of the ballots in metal transfer cases. As a result, all Precinct 3 absentee and polling place ballots were identified and segregated in a single metal transfer case during the May 6th public meeting of the Election Commission, in anticipation of the post-election audit.

5. In order to be clear, the Election Commission notes that the fourteen cured and verified absentee and provisional ballots counted during the evening of May 5th are not involved and will not be examined in the post-election audit. This is because, as noted above, all non-Precinct 1 ballots in that group were duplicated onto Precinct 1 absentee ballots in order to preserve ballot anonymity. This obviously occurred before the precincts to be audited were

randomly selected. As a result, there are no Precinct 3 absentee or polling place ballots in the May 5th group of ballots to be audited.

6. The make, model and serial numbers of all voting devices involved in the published initial tabulation of votes are set forth in Table 1:

10. The following discrepancies were identified in the post-election audit (attach additional pages as needed):

None.

11. To the best of our knowledge, the discrepancies identified in the post-election audit were caused by (attach additional pages as needed):

Not applicable.

12. The Election Commission suggests the adoption of the following remedial measures to avoid similar discrepancies in the future (attach additional pages as needed):

None.

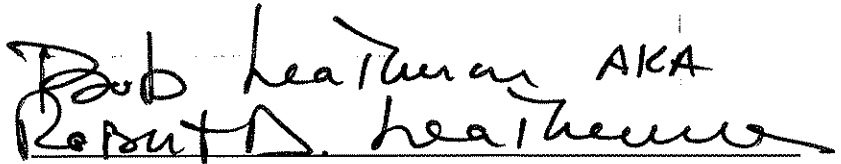

13. In addition to the randomly selected audit units, the Election Commission decided to also audit the polling place ballots for Precincts 2 and 4. The manual counts of the ballots within these audit units exactly matched the Statements of Votes Cast attached hereto as Exhibits A and B. No discrepancies or anomalies were identified.

The undersigned members of the Aspen Election Commission hereby execute this Report of Post-Election Audit this 10th day of May, 2011, and individually attest to the accuracy of its contents in all material respects to the best of their individual knowledge and belief.

Respectfully submitted,

Ward Hauenstein, Member

Bob Leatherman, Member

Kathryn Koch, City Clerk and Chair
