Separate permits are required for Electrical, Plumbing, Heating, Ventilating or Air Conditioning.
This permit becomes null and void if work or construction authorized is not commenced within 12 months or if construction or work is suspended or abandoned for a period of 180 days at any time after work is commenced.
I hereby certify that I have read and examined this application and know the same to be true and correct. All provisions of laws and ordinances governing this type of work will be complied with whether specified herein or not. The granting of a permit does not presume to give authority to violate or cancel the provisions of any other state or local law regulating construction or the performance of construction. It is my responsibility to review the approved plans and any comments that are contained thereon and see that the structure and/or project is built in compliance with all applicable codes.

NOTE: This form is a permit only when validated. Work started without a permit will be double fee'd.
